

300BPAP

PageKom Compatible Page Adapter / Power Supply

STOR-COM INTRODUCES IT'S NEW AND IMPROVED PAGEKOM COMPATIBLE PAGE ADAPTER/POWER SUPPLY

This workhorse universal page adapter/power supply unit provides two separate and well filtered intercom channels for efficient operations. The PageKom Compatible Page Adapter/Power Supply works with both PageKom PK100 systems. This unit directly replaces the PageKom page adapter and power supply. Plus Simultaneous Paging, Busy Light Control and Background Music Interrupt during paging. Simultaneous paging allows paging even when the intercom channels are in use with no interruption. separate volume controls are provided for both Music and Page. Our NEW features include - Greater dynamic range on paging. Improved audio quality. Our new PTC circuit eliminates burn outs. If the lines are shorted somewhere our PTC circuit will shut down the power supply only until the short is cleared. Once your short is cleared, your page adapter/ power supply comes back to life. No more smelly resistors and charred transformers. We have also added an external power transformer for UL acceptance.
