

# Our Most Popular Fourjay Speakers and Horns

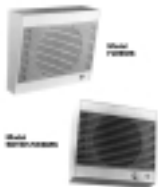

## STOR-COM IS PROUD TO CARRY THE FULL LINE OF QUALITY FOURJAY SPEAKERS AND HORNS

These fine Fourjay speakers and horns are proudly American and Ohio made. Just like our intercoms and telephones Both are built in Dayton Ohio, the Birthplace of Aviation, home of General Motors and NCR. Fourjay speakers and horns are long lasting and durable. We have chosen our most popular models but we carry all of the Fourjay product line. Always in stock and ready for shipment.

### Our most popular Combo - ST5-CR8-TB8

We have combined the efficient ST5 5 ounce, dual cone speaker, the CR8 contemporary round flush-mount speaker baffle and the TB8 the original acoustical tile ceiling support system. All for one low combo price. Also available with volume control ST5P-CR8-TB8.

### Another one of our most popular items - SDT4P-FW8W and ST4-FW8W

These wall speakers are available in two attractive color choices white and two-toned desert sand. The SDT4P-FW8W includes a volume control. Manufactured of high impact polystyrene thermoplastic. Paintable and non-corroding.

### One of our most popular horn - 306/70T

This horn is nicknamed "The Little Big Horn". And it lives up to it's name. This compact horn speaker delivers clear, crisp sound not found in many other horns this size. This 6 watt, 70 volt line horn can be tapped at 6, 3, 1 or ½ watts for the most effective paging in moderately noisy environments.

### Another of our most popular horn - 312/70T

This horn speaker delivers 12 watts of clear, crisp sound for the effective paging and music in moderately noisy environments. This 12 watt, 70 volt line horn can be tapped at 12, 6, 3, or 1 watts. Strong but lightweight construction of impact resistant ABS with a polycarbonate base assembly and stainless steel fasteners

### Our favorite Drive-Thru speaker - 410-8BK

This drive-thru speaker is perfect for paging and talk-back in noisy environments like fast food, banking and self-serve stations. Rated at 10 watts continuous duty, this speaker will make your drive-thru sing. The 410-8BK is made of high impact ABS with stainless steel fasteners for weather and corrosion resistance.

We carry the full line of Fourjay products at the best price. Because we are both located in Dayton, Ohio, Stor-Com can give you a substantial savings over other distributors.
